

# ROUND TABLE ON PLASMA AND BERRIES

13.10.2021 AT 10:00 (CEST), ONLINE

**JOIN OUR ROUND TABLE DISCUSSION ON BERRIES AND PLASMA!**

**DO YOU HAVE EXPERIENCE WITH THE PLASMA TREATMENT OF BERRIES?  
CONTRIBUTE YOUR EXPERIENCE AND KNOWLEDGE WITH A SHORT 5-10 MIN  
PRESENTATION**

Our goal is to share the experience and methods of plasma treatment of berries to identify key problematic points in plasma agriculture and to encourage networking of fellow scientists across Europe.

## **PROGRAM:**

Berries - unwanted infections and solutions (Dr. Nina Cvelbar Weber)  
Interaction of plasma with microorganisms (Dr. Višnja Stulič)  
Plasma treatment of blueberries (Assoc. prof. Dr. Ita Junkar)  
Plasma systems and continuous production line (Dr. Matic Resnik)

## **ROUND TABLE:**

What problems did you face during the plasma treatment of berries?  
Does plasma technology have a potential for berry decontamination?  
Could it be used as an eco-friendly technology?  
Where to implement plasma technology in the production line of berries?  
Drawbacks of plasma technology in its current state.

**ALL PARTICIPANTS INTERESTED IN CONTRIBUTING A SHORT  
PRESENTATION, PLEASE SEND A SHORT ABSTRACT OF YOUR  
TOPIC BY FRIDAY, 8.10.2021 TO THE FOLLOWING E-MAIL:**
